# Steps to becoming a Fundraising Champion

..... Take action for wildlife

## Help us to create a Wilder Nottinghamshire

A fundraiser is a champion for Nottinghamshire's natural world. Through raising money to support the work of Nottinghamshire Wildlife Trust you are helping us to create a county where nature can thrive for people and wildlife.

Our vision is for Nottinghamshire's people and wildlife to thrive. The natural world is valuable and is under threat. That's why we protect Nottinghamshire's wildlife, habitats and green spaces so everyone has the opportunity to experience nature.

Helping us fulfill our ambition of

**30%**  
of Land and  
Water

in Nottinghamshire connected in a network to allow for species to recover and expand by 2030.

## Our Reserves

We have nature reserves in every corner of the county, from ancient woodland to wildflower meadows, all are maintained and managed by our expert team and passionate volunteers.

Make a difference at one of our 40+ reserves across the county by participating in a sponsored walk.

Fundraisers like you raise vital funds for these sanctuaries for people and nature.

We have a vision that

**1 in 4**   
People

will be actively standing up for wildlife and our wild spaces. Fundraising is one way you can do this!

## The impact of your fundraising

**£25**

could help us to plant and nurture a native tree sampling

**£50**

could provide seed to enhance and create wildflower meadows

**£100**

could support us to monitor the health of our reserves and the wildlife in them

**£75**

could cover the cost of purchasing and installing a new bird or bat box

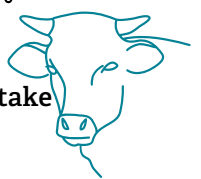

**£250**

could provide tools for volunteers, to undertake vital reserve management work

**£500**

could help us take care of our conservation grazing sheep and cattle

**Thank you for raising money for us and we look forward to hearing what you come up with!**
